

# Conference 2012

December 1, 2011

**MACDC Appreciates Your Sponsorship!**

MACDC Associate Members,

As in years past, we again invite all Associate Members to participate as **Conference Sponsors**. MACDC has two conferences planned in 2012: Winter Conference at the Grand Traverse Resort & Spa in Acme, February 15-17; and Summer Conference at Crystal Mountain in Thompsonville, August 15-17.

We solicit contributions from all Associate Members to assure adequate funding and expense sharing across the membership. Sponsor contributions fund activities at both conferences, such as receptions before evening meals, entertainment, and door prizes. We ask that your firm contribute \$200 toward event costs.

**Each sponsoring firm will be recognized at Winter and Summer Conferences, at the banquets and sponsored events, and on postings near conference session rooms. We also publish sponsor names in PIPELINE magazine.**

If you wish to sponsor in 2012, please use this letter as the "invoice" for your contribution. If you need a formal invoice, please contact our administrative office at 517.484.9761 or email [admin@macdc.net](mailto:admin@macdc.net). Return payment to Kerreen Conley, MACDC Treasurer, at 400 Monroe Suite 400, Detroit, MI 48226. Please send payments at your earliest opportunity.

I hope you will want to support our 2011 Conference series. With your help, these events bring our members conference sessions that engage them in discussions about innovative technologies, low impact design approaches, and new ideas for a changing regulatory environment. We appreciate your past support, and your commitment to the future with MACDC. **I look forward to seeing you at the conference at Grand Traverse Resort in Acme, February 15-17, 2012.**

Sincerely,

Kerreen Conley  
MACDC Program Chair

**NOTE: Summer Conference Golf Outing Sponsorships are collected separately from this request. Attend the Winter Conference Associate Member Meeting to discuss the golf outing.**

**Yes, we will sponsor MACDC Conferences in 2012**
