Drain Commissioners and their staff are responsible for many aspects of surface water management. The Drain Commissioner develops design standards for storm water runoff management in new developments, and is involved in agricultural, commercial, and residential drainage; storm water management; lake levels; soil erosion; water supplies and sewer systems.

The Michigan Association of County Drain Commissioners (MACDC) is a statewide organization; voting Members are comprised of elected and appointed Drain Commissioners. MACDC's Associate Members are engineers, surveyors, consultants, contractors, suppliers, attorneys, environmentalists, and other affiliated parties.

The Association's purposes include ensuring the integrity, efficiency, and education of drain office personnel; providing information and education to the public on drain-related matters; and continual improvement of drainage laws and procedures.

## 2 Statewide Directory

You could have access to every MACDC Member and Associate Member at your fingertips – and they have access to you!

Listings by name, by county, display advertising, and a district map are just a few features in this convenient publication. Place your firm's ad and increase your presence in the Directory. This is the perfect opportunity to publicize your business.

## Annual Conferences

MACDC holds two three-day conferences each year. They are great for meeting Members and Associate Members. Here, you can learn about the needs of Drain Commissioners and future projects.

Exhibit at the Winter Conference to promote your firm's services. Take business cards, marketing information – anything that sells your firm. The MACDC Awards Program is also featured at the Winter Conference, providing a glimpse of some of the best projects completed by Drain Commissioners and Contractors in Michigan. In summer, after business is done, break out the golf clubs and head for the greens!

**More connections...lead to more exposure...and more jobs!**

## Connections

# 1

How many Drain Commissioners do *you* work with? How many *could* you work with if you only knew them? When was the last time you met with peers and potential project managers – all in the same place? MACDC gives you that opportunity, not once, but many times throughout the year.

MACDC Associate Members establish working relationships with Drain Commissioners across the state. Just ask any of our current Associate Members!
